ENVIRONMENT POLICY

ASSA ABLOY Australia Pty Limited is Australasia's leading manufacturer of security products and conducts its business with high standards of integrity and concern for the environment. The company has adopted ISO14001:2004 as its benchmark for Environmental Management Systems and is committed to due diligence in protection of human health, the environment and the management of its activities.

The company will continue to be responsive to the ongoing needs of communities in which it operates. We will develop technical and financially responsible solutions to issues of environmental concern, consistent with its business goals.

In pursuit of high standards of environment performance ASSA ABLOY Australia Pty Limited will:

- Comply with all environmental legal requirements, and other requirements to which it subscribes, related to its identified environmental aspects.
- Minimise the environmental impacts of its manufacturing processes, products and technologies and will operate its facilities so as to minimise resource consumption, prevent pollution and minimise production of waste.
- Apply the principles of continual improvement by establishing a program of environmental objectives and targets that are regularly reviewed and compared against relevant standards and industry benchmarks.
- Through its management ensure that relevant stakeholders, including contractors, are aware of their environmental responsibilities and provide those working for us, or on our behalf, with adequate leadership, training, systems and resources to fulfil that responsibility.
- Communicate openly with government bodies, industry associations and the community in relation to this environmental policy and performance where relevant.

This commitment to high standards of environmental practice is an integral part of the way in which ASSA ABLOY Australia Pty Limited conducts its business.

This policy, authorised by top management, is communicated to the public and to persons working for and on behalf of ASSA ABLOY Australia Pty Limited.
